

End to End Recruitment Solutions

ATS Software, Video Interviewing, Cloud Based Recruitment Software,
Onboarding Software, Careers Websites

About Recrutive

Recrutive has been synonymous with Recruitment Software since 2004. We are a market leading supplier of innovative End to End Recruitment Solutions

We provide HR Professionals, Recruiters and Hiring teams with innovative, cloud-based technology aimed at streamlining the recruitment process, making it quicker and easier to recruit, whilst significantly reducing the time and cost to hire.

As early pioneers of multi job posting technology, our expertise extended into candidate management, CV parsing and scoring, search capabilities right through to candidate on-boarding.

During April 2019 the business was acquired and Recrutive became a wholly owned subsidiary of SaaS Holdings Limited. We support continued investment into ongoing Research and Development in order to remain ahead of the technical curve.

Our end to end solutions also incorporate the front-end candidate attraction capabilities of careers websites, built and designed by our in-house design specialists. This enables us to not only deliver award winning back end candidate management solutions for clients but also provide beautifully designed front end career and campaign websites to attract the best candidate talent. As a result, we are one of the few providers in the market that can deliver a complete software solution.

Based in Cannock, Staffordshire, we employ 33 of the friendliest and most competent staff. We remain an incredibly innovative business, always looking for better ways to enhance the recruitment software landscape.

We are a market leading company.

Careers Website, Recruitment Website and Jobs Board Design

Attracting the right candidate is a balance between having a great looking and engaging website with good quality content, whilst also including the very latest, candidate friendly, efficient recruitment technology including multi job posting tools and media buying.

We specialise in designing attractive, Secure, Mobile Compatible and GDPR Compatible websites.

We also specialise in the promotion of your brand via search engine optimisation and marketing activities, job distribution services, social media connection and integration with Google Jobs and other third-party jobs boards.

Our websites are easy to update along with full training and support being provided.

We have experience in supporting the online presence of many different companies, small and large, via their career's website for over 18 years.
